IMPORTANT NOTIFICATION

CROOK COUNTY WEIGHT RESTRICTIONS

TAKE EFFECT FEBRARY 15, 2016

The Crook County Board of Commissioners have put into effect Spring Weight Restrictions on the following pavement surface roads. The following roads will be posted, six (6) ton per axle weight limit.

- **Moskee County Road #207** from Interstate I-90 to the end of pavement (approximately six (6) miles)
- **Warren Peak County** Road #100 from US Hwy. 14 to the Forest Service Boundary
- **Pine Ridge County Road #205** from Interstate I-90 to end of pavement
- **Old Sundance Road #93** from Pine Ridge Road to Pine Haven Junction at State Hwy. 113

This restriction will go into effect from February 15, 2016 until notice is given by the County that the restrictions have been removed.
Visit www.crookcounty.wy.gov for up-to-date information.

Wyoming State Statute 31-18-802 allows for the reduction in the maximum allowable axle loads and gross weight limits for specific county roads or sections thereof or for bridges by the county if the operation of vehicles or combination of vehicles would create undue damage to the country roads.
