

Sand Creek Update March 22, 2016

The Bridge 5 detour is being roughed in at this time. This detour will not open until the bridge demolition begins. This could be early next week. The Bridge 6 detour is being built, and it will not open until the demolition of the bridge begins, possibly towards the end of next week. Bridge 3 and 4 were both removed last week, and those detours are open. Watch for traffic control signage at these detours.
