The Board of County Commissioners is taking a proactive approach to the spread of the Coronavirus (COVID-19). The decision has been made to limit access to the Courthouse to the public through April 6, 2020. This includes use of the community room in the basement.

This measure was put in place to aid in curbing the spread of COVID-19. For the safety of the public and of our employees, limiting close contact with each other is the only preventative measure that can be taken.

We will be providing curbside services to customers who have an immediate need that cannot wait until the Courthouse reopens. All employees are reporting to work and will be available to come to your vehicle for any of your immediate needs.

We would ask that if your business with the County can wait until we reopen, that you do so. We empathize with your needs and would appreciate your understanding during these trying times. Limiting contact is the most efficient way to protect the elderly of our County or those that may have compromised immune systems.

Following is a list of phone numbers in the Courthouse that you may call for us to come to your car to serve you. Please keep in mind that there are many transactions that can take place over the phone or our website and payment can be accepted by credit card or e-check in many instances.
